## **GROUP CONSCIENCE**

If you are new to this meeting, please listen carefully. Group conscience has voted that in order to share or speak at this meeting, you must be an alcoholic who has completed the steps by this particular step study approach under the guidance of a step study sponsor, be in the process of making amends and practicing steps 10, 11 and 12.

If you haven't done the steps in this way or you have used other methods, such as an AWOL or by yourself, please just introduce yourself and listen. We do not want to insult you or to question your sobriety. This Big Book Step Study meeting is highly structured. We are trying to work the steps as the first one hundred alcoholics did and use the recovery process as it is laid out in the Big Book. If you are not sure that you've done the steps in this particular way, please check with me after the meeting. We thank you for respecting group conscience.

If you would like more information; please listen to the speakers or talk to group members after the meeting.
